★ Invitation to the international online conference ★

"Food quality, solar cooking, drying, farming and gardening"

May 21/22, 2021 -ONLINE and outside area of the solar center MV

Dear Sirs and Madames,

The "energy turnaround" task of the century is becoming more and more a touchstone in the party programs, orientation in municipalities, companies, schools, research institutions and in the personal sphere of living, mobility, and the life of every single citizen.

The Solar Initiative Mecklenburg Vorpommern e.V. with its project, the Solarzentrum Mecklenburg Vorpommern, has been working towards this goal for more than 20 years.

We cordially invite you to the conference on May 21, 2021 --ONLINE - and on May 22, 2021

for the project day in the outdoor area. Please register using the enclosed registration form.

You will receive the access code after registration.

Exciting lectures followed by discussions and questions are on the program (attachment). You can direct the questions to the experts and pass the invitation on.

We look forward to you!

with sunny greetings

Dr.-Ing. Brigitte Schmidt

on behalf of the Board of Directors
